

Matawa Go Green 4 Change Calendar Contest: FEEDBACK and COMMENTS

The GG4C Project is a photo/drawing contest that aims to raise awareness in students and Matawa members about living an environmentally friendly lifestyle. Our hope is to inspire people to make 4 simple changes to help fight global warming and climate change. These 4 things are: plant trees or food gardens; eating local or traditional foods; reduce your energy use; and reuse materials. Please let us know if you like the Calendar & the contest by filling this page out & send back to us at the address on the bottom of the page. Miigwetch!
