

MATAWA HEALTH CO-OPERATIVE

Chief Medical Officer Job Description

Must be “fully vaccinated” against COVID-19. (In Ontario, a “fully vaccinated individual” is defined as one who has received the required number of doses as outlined by Health Canada and they have received their final dose of the COVID-19 vaccine at least 14 days ago.) Must provide Health Canada’s proof of vaccination (vaccine receipt or enhanced vaccine Certificate

PURPOSE OF THE POSITION

Matawa First Nations has established the Matawa Health Co-operative (MHC) in 2017. This provincially incorporated Co-operative consists of the nine Matawa member communities – Webequie, Neskantaga, Nibinamik, Eabametoong, Marten Falls, Aroland, Ginoogaming, Long Lake # 58 and Constance Lake First Nations. MHC provides health care services to achieve long-term health and well being for all members within the nine (9) Matawa First Nations.

The Chief Medical Officer (CMO) is responsible for providing strong leadership and management for MHC physicians. In collaboration with the Executive Director and Director of Clinical & Nursing Services, the CMO will ensure MHC physicians participate and uphold the team-based and client-centered care model within the clinic/organization and across the Matawa communities. Provide leadership and coaching to physicians with the achievement of an integrated model of care for our Matawa members. The CMO will also provide primary care to our members with complex and social needs in the Matawa communities.

RESPONSIBILITIES & DUTIES

Leadership

- Provide daily leadership to physicians, ensuring physicians are performing duties in a manner supportive of the organizational goals and MHC Strategic Vision via team development activities, coaching and performance management
- Promote and model MHC team-based and client centered care model and ensure the integrity of Matawa client care philosophy is maintained
- Precepts student experiences, including supervision and evaluation of projects
- Foster effective collaboration between Health staff, internal and external stakeholders
- Conduct quarterly performance reviews with physicians
- Collaborate with the Executive Director, Director of Clinical & Nursing Services and MHC Board in the areas of physician recruitment, retention, and compliance to CPSO and MHC physician contract.
- Provide medical direction, clinical content expertise, and guidance to the Executive Director, Director of Clinical & Nursing Services, and Board of Directors as required.
- Provide physician input on strategic planning, theory of change, medico-legal concerns, research and evaluation, policy and procedures, best practice recommendations, fund development, and occupational health & safety.
- Composes objectives and policies for the medical program and relay these policies to the appropriate staff for it to be executed contained by an incorporated case management approach.
- Development and approval of medical directives for the organization
- Develop medical policies/administrative procedures for the organization.
- Participates together with Human Resources in the interviewing and hiring of medical staff and verifying their credentials. They will recommend hiring and disciplinary actions

of the medical staff for assessment with the consent of the Executive Director and Chief Executive Officer.

- Communicate to the Executive Director and Director of Clinical & Nursing Services any personnel, consultant, clinician or operational conditions that could potentially affect patient care or clinical performance. Including reporting of any physician's reductions in privileges in providing medical services
- Promote participating in MHC in house trainings and assist to ensure all MHC mandatory trainings are complete, reporting non-completion to Executive Director and Director of Clinical and Nursing Services
- Monitoring and verification of physician compliance in regard to maintaining required licenses and certifications
- Facilitate the maintenance of accurate and complete health records which meet the demands of interdisciplinary care and the Health Information Act
- Evaluate patient complaints and concerns, review patient surveys, and amend policies as required.
- Foster a healthy and safe working environment by providing support, coaching and intervention in MHC worker concerns and communication barriers within team and across organization
- Liaise with Northern School of Medicine and other organizations, creating a positive and mutually beneficial working relationship
- The CMO will devote approximately 25% of the time to treating patients in a clinical setting and the other 75% to administrative responsibilities while working for Matawa Health Co-op.

Patient Care

- deliver comprehensive primary health care services to practice patients of all ages and stages of health or illness
- Diagnose and treat acute/episodic illnesses (i.e. Respiratory illnesses, ear and throat, gastrointestinal, genital/urinary infections and dermatology) and injuries
- Work with other providers within the Matawa communities to provide a plan for weekend urgency/emergency coverage (phone consultation/triage)
- utilize an electronic medical record (EMR) and record all relevant patient details which is common and accessible to all collaborating team members
- Monitor the ongoing therapy of patients with stable chronic illness by providing pharmacological and counseling interventions
- Screen for the presence of chronic illnesses
- Formulate and communicate medical diagnoses and disorders
- Arrange for follow-up appointments as required

Referral/Consultation/Collaboration

- Arrange for external specialist consultations

- Provide communication to hospital and community staff and other inter-professional team members as required to ensure smooth transition for care between care sites

Education and Advocacy

- Conduct health promotion groups and individual counseling/education (i.e. Prediabetes, smoking cessation)
- Teach students and other team members

Administration

- Participate in the development and evaluation of policies, protocols and procedures
- Assist with preparation of MOHLTC Service Reports
- Participate in quality improvement and evaluation activities either developed in practice or as lead by MHC
- Other activities may be assigned with the collaboration with the inter-professional team

Organization

- Reflecting and interpreting MHC vision, mission and core values in their own work with enthusiasm and commitment
- Acting in accordance with relevant legislation and MHC policies, standards and procedures
- Proposing changes within MHC that would improve the quality of services to the Matawa First Nation members
- Developing and maintaining respectful, cooperative working relationships to contribute to the integrated, seamless deliver of services to our Matawa First Nation members
- Understanding their role and responsibility in maintaining a safe workplace and reducing workplace injuries
- Applying Matawa culture, values, traditions and teachings into programming where possible,

Northern Ontario School of Medicine

Remote First Nations Residency Program

- Participating in the selection process as a file reviewer and interviewer
- Lead consistent and routine communication to the residents and faculty leaders of the Remote First Nations Medical Residency Stream to foster effective transition to practice with the Matawa Health Co-Operative
- Lead contract discussions ensuring that residents in the Stream are well apprised of their future practice and community commitments
- Promotion, recruitment, retention and training of Physicians in the Remote First Nations Medical Residency
- Liaise with the Eabametoong First Nation, other Matawa First Nations and other groups on a regular basis to promote effective communications

- Liaise with the Remote First Nations Program Residents
