

02 February 2022

Good day,

This letter is to inform you the Matawa Chiefs Council and Matawa First Nations Management has recommended to extend the building/school closure through to February 28, 2022. **The MECC and Education Department offices will reopen March 1, 2022, unless closure is further required by the Matawa Chiefs Council and Matawa First Nations Management.**

This decision continues to be made in the best interest and for the protection of the students, staff and respective families. Education Department staff will continue to work remotely. Services such as On-Call and Safe Sobering Site will remain closed but monitored by applicable staff.

I thank you for your understanding, and if you have any questions or concerns, please contact me at the number below.

Meegwetch,
